INGENIX®

OPTUMInsight™

Ingenix is now OptumInsight, part of Optum.

May 17, 2012

Dear Customer:

It has come to our attention that there are additional inaccuracies in the 2012 *Official New York Workers' Compensation Medical Fee Schedule*. Please note the following corrections to your book:

Medicine Page 32: Codes 98940–98943 were added to the Medicine section of the fee schedule and should have the ■ icon to indicate a change from the 2010 fee schedule. Please add the icon in your book as necessary.

Introduction Page 6: The following codes should have been included on the list of new CPT codes:

0058T	0059T	0223T	0224T	0225T	0226T
0227T	0228T	0229T	0230T	0231T	0233T

Category III, Pages 2 and 5: The codes above are missing the ■ icon. Please add the icon in your book as necessary.

We apologize for any inconvenience this has caused.

Sincerely,

OptumInsight
