### CODING GUIDANCE

#### INDUSTRY CODING GUIDANCE ON CPT®, ICD-10-CM/PCS, HCPCS, ANESTHESIA AND DENTAL

##### **AHA Coding Clinic® for HCPCS | A**

This code-driven archive allows reference to HCPCS-related AHA *Coding Clinic*® newsletters from every quarter going back to 2001 as supplied from the American Hospital Association. This content offers advice for proper application of HCPCS supply and service codes.

##### **AHA Coding Clinic® for ICD | A**

This code-driven archive allows reference to ICD-related AHA *Coding Clinic*® newsletters from every quarter going back to 2001 as supplied from the American Hospital Association. This content offers integrated access to the only official publication for ICD coding guidelines.

##### **The American Medical Association (AMA) CPT® Content Module | A**

Gain unparalleled access to historical and current content, by code and keyword, from the AMA that helps provide clarity and accuracy in CPT® code reporting: *CPT® Assistant* newsletters, *CPT® Changes: An Insider's View* and thousands of CPT® questions and answers from the CPT® Knowledge Base.

##### **ASA CROSSWALK® | F**

Gain access to the official code crosswalk from the American Society of Anesthesiologists. Includes crosswalk to ASA codes from CPT® codes and vice versa, ASA base units and RVG and crosswalk comments. *Available for ASCExpert.com only.*

##### **Clinical Documentation Improvement | P**

Promote clinical quality, substantiate medical necessity and determine justifications for appropriate reimbursement — all by code for clinicians and coders, and especially helpful with the increased specificity required with ICD-10-CM/PCS.

[optum360coding.com/addons](http://optum360coding.com/addons)

##### **DRG Grouper Calculator for Medicare | F**

Used in conjunction with RevenueCyclePro.com, this add-on uses Admit/Discharge date information to identify which grouper and pricer version to invoke and then groups the submitted codes, calculates the reimbursement and returns the results for a single DRG code.

##### **Dr. Z's Medical Coding Series: Interventional Radiology Coding Reference | F, P**

Without leaving your workflow, access the go-to manual that simplifies the complexity inherent in interventional radiology coding. Includes details for appropriate coding and charging of both vascular and non-vascular procedures, laid out by type and anatomical site, as well as thorough instructions about the included components, based on the appropriate CPT® or HCPCS code.

##### **HCPCS D Codes | A**

Full access, including detail and summary pages, to all HCPCS D codes (Dental), plus a CPT® to dental codes crosswalk.

##### **Total CPT® | A**

Gain online access to every relevant article found in the American Medical Association's *CPT® Assistant* coding newsletters and *CPT® Changes: An Insider's View* in their entirety.

## CODING REFERENCE

---

INTEGRATED MEDICAL AND CODING TERMINOLOGY CONTENT AT YOUR FINGERTIPS

### **Coders' Dictionary | A**

Understand medical terminology from a coding perspective and gain efficiency.

### **DrugReimbursement.com | A**

An online drug coding and reimbursement reference tool and database that provides up-to-date Medicare coding, billing and reimbursement information for FDA-approved drug codes.

### **EncoderPro.com Plus | P, Y**

**NEW!** The E/M code evaluation tool now includes 2021 coding guidelines and logic. Designed to provide multiple features and expanded functionality specific to your specialty and organizational needs. In addition, it allows a user to earn up to 25 AAPC/AHIMA CEUs through CareerWize.

### **Historical Application Content | A**

Access to historical data from the previous eight quarters helps you work with appropriate information (comes standard at no additional cost in RevenueCyclePro.com, ASCExpert.com and DrugReimbursement.com).

## CLAIMS SUBMISSION

---

SUBMIT CLEANER CLAIMS

### **Claim Appeal and Denial Support Add-on | A**

**NEW!** The E/M code evaluation tool now includes 2021 coding guidelines, reference content and logic. This add-on provides the sourcing for any claim edit. For coders, this means no more searching for code guidelines for claims appeal support. For payers, you gain access to coding guidance for possible claim adjudication review. This also includes E/M guidance through an E/M audit tool and content, searchable by code/keyword, within the Optum360 *Evaluation and Management Coding Advisor* and *Auditor's Desk Reference* books.

### **RevenueCyclePro.com Facility Encoder Module Add-on | F**

The Facility Encoder Module presents vital coding information to coders precisely when and where they need it, all within a single code summary screen. Our proven hospital encoder technology integrated with the industry's most comprehensive coding, reimbursement and regulatory reference content, in one seamless product, helps coders achieve accuracy and high productivity.

### **Claims Batch Editor | P**

This powerful, yet easy-to-use, scrubber for physician claims automatically checks for errors prior to submission, so you submit clean claims the first time. Submit your entire 837 claim file for batch editing to save time.

### **MedicalReferenceEngine.com | A**

Get comprehensive medical reference information — the content of 35 Optum360 publications, plus thousands of Medicare references and fee schedules — all in one place.

### **Optum360 Specialty Articles | P, Y**

Provides exclusive access to over 2,000 articles of the most recent and relevant specialty content available today. This specialty information is derived from multiple specialty organizations and other applicable sources to provide you with information that will not only help you to understand the nuances of your specialty, but to better code those unique circumstances based on your specialty.

### **Stedman's Medical Dictionary | A**

Access more than 100,000 medical terms and their clinical definitions, compiled in one location.

## ANALYTICS

---

MEASURE WHAT YOU MANAGE FOR COMPETITIVE ADVANTAGE

### **FeeAnalyzer.com | P**

FeeAnalyzer.com is an online subscription service that provides access to relative and actual physician charge data for a specific geographic area as well as national charge data for HCPCS codes. Users can upload three different fee schedules to compare against physician charge data and Medicare fees.
