Essential Links from CPT® codes to ICD-9-CM and HCPCS codes
## Contents

### Introduction
- Format ........................................... i
- CPT Codes ...................................... i
- Code Links ..................................... ii
- Summary ....................................... vi

### General ........................................ 1

### Integumentary System .......................... 5
- Skin, Subcutaneous and Accessory Structures .... 5
- Nails ............................................. 17
- Pilonidal Cyst .................................. 20
- Introduction .................................... 20
- Repair (Closure) ................................ 24
- Destruction ..................................... 171
- Breast ........................................... 173

### Musculoskeletal System ......................... 181
- General ......................................... 181
- Head ............................................. 205
- Neck (Soft Tissues) and Thorax .................. 231
- Back and Flank .................................. 234
- Spine (Vertebral Column) ....................... 235
- Abdomen ......................................... 244
- Shoulder ........................................ 245
- Humerus (Upper Arm) and Elbow ................ 256
- Forearm and Wrist .............................. 271
- Hands and Fingers ............................. 292
- Pelvis and Hip Joint ............................ 311
- Femur (Thigh Region) and Knee Joint .......... 325
- Leg (Tibia and Fibula) and Ankle Joint ......... 342
- Foot and Toes ................................... 352
- Application of Casts and Strapping ............. 372
- Endoscopy/Arthroscopy ......................... 384

### Respiratory System .............................. 397
- Nose ............................................. 397
- Accessory Sinuses .............................. 402
- Larynx .......................................... 409
- Trachea and Bronchi ............................ 417
- Lungs and Pleura ................................ 428

### Cardiovascular System .......................... 441
- Heart and Pericardium .......................... 441
- Arteries and Veins ............................. 472

### Hemic and Lymphatic Systems ................. 540
- Spleen .......................................... 540
- Lymph Nodes and Lymphatic Channels .......... 542

### Mediastinum and Diaphragm ..................... 549
- Mediastinum .................................... 549
- Diaphragm ...................................... 551

### Digestive System ................................ 553
- Lips ............................................. 553
- Vestibule of Mouth ............................. 555
- Tongue and Floor of Mouth ..................... 558
- Dental/Alveolar Structures ..................... 563
- Palate and Uvula ................................ 565
- Salivary Gland and Ducts ....................... 569

- Pharynx, Adenoids, and Tonsils ............... 571
- Esophagus ..................................... 575
- Stomach ........................................ 603
- Intestines (Except Rectum) ..................... 620
- Meckel’s Diverticulum and the Mesentary .... 650
- Appendix ....................................... 651
- Rectum .......................................... 652
- Anus ............................................ 671
- Liver ............................................ 679
- Biliary Tract ................................... 682
- Pancreas ........................................ 688
- Abdomen, Peritoneum, and Omentum .......... 691

### Urinary System .................................. 713
- Kidney .......................................... 713
- Ureter .......................................... 728
- Bladder ......................................... 737
- Urethra .......................................... 766

### Male Genital System ............................. 773
- Penis ............................................ 773
- Testis ............................................ 780
- Epididymis ...................................... 782
- Tunica Vaginalis ................................. 783
- Scrotum ......................................... 783
- Vas Deferens .................................... 784
- Spermatic Cord ................................ 785
- Seminal Vesicles ................................ 786
- Prostate .......................................... 786

### Intersex Surgery ................................ 791

### Female Genital System ........................... 793
- Vulva, Perineum and Introitus ................. 793
- Vagina ............................................ 796
- Cervix Uteri ..................................... 804
- Corpus Uteri .................................... 809
- Oviduct/Ovary .................................. 820
- Ovary ............................................ 824
- In Vitro Fertilization ............................ 827

### Maternity Care and Delivery ..................... 829

### Endocrine System ............................... 851
- Thyroid Gland .................................. 851
- Parathyroid, Thymus, Adrenal Glands, and Carotid Body ............................................. 853

### Nervous System .................................. 857
- Skull, Meninges, and Brain ..................... 857
- Spine and Spinal Cord .......................... 893
- Extracranial Nerves, Peripheral Nerves, and Autonomic Nervous System ......................... 910

### Eye and Ocular Adnexa .......................... 929
- Eyeball .......................................... 929
- Anterior Segment ................................ 931
- Posterior Segment ................................ 942
- Ocular Adnexa ................................... 948
- Conjunctiva ..................................... 957
### Auditory System
- External Ear .......................................................... 965
- Middle Ear ............................................................... 967
- Inner Ear ................................................................. 975
- Temporal Bone, Middle Fossa Approach ....................... 976

### Operating Microscope ............................................. 977

### Appendix
- A — Add-On and Modified Codes .................................. 979
- B — Unlisted Codes .................................................. 993
- C — CPT and HCPCS Modifiers ................................. 995

</table>
359.6 Symptomatic inflammatory myopathy in diseases classified elsewhere — (Code first underlying disease: 135, 140.0-208.9, 277.3, 446.0, 710.0, 710.1, 710.2, 714.0) 

446.0 Polyarteritis nodosa

710.0 Systemic lupus erythematosus — (Use additional code to identify manifestation: 424.91, 581.81, 582.81, 583.81)

710.1 Systemic sclerosis — (Use additional code to identify manifestation: 359.6, 517.2)

710.2 Sicca syndrome

714.0 Rheumatoid arthritis — (Use additional code to identify manifestation: 357.1, 359.6)

882.2 Open wound of hand except finger(s) alone, with tendon involvement — (Use additional code to identify infection)

ICD-9-CM Procedural
82.45 Other suture of other tendon of hand

83.91 Lysis of adhesions of muscle, tendon, fascia, and bursa

83.81 Other plastic operations on tendon

26426–26428
Repair of extensor tendon, central slip, secondary (eg, boutonniere deformity); using local tissue(s), including lateral band(s), each finger

26428 with free graft (includes obtaining graft), each finger

ICD-9-CM Diagnostic
357.1 Polyneuropathy in collagen vascular disease — (Code first underlying disease: 446.0, 710.0, 714.0) 

359.6 Symptomatic inflammatory myopathy in diseases classified elsewhere — (Code first underlying disease: 135, 140.0-208.9, 277.3, 446.0, 710.0, 710.1, 710.2, 714.0) 

446.0 Polyarteritis nodosa

710.0 Systemic lupus erythematosus — (Use additional code to identify manifestation: 424.91, 581.81, 582.81, 583.81)

710.1 Systemic sclerosis — (Use additional code to identify manifestation: 359.6, 517.2)

710.2 Sicca syndrome

714.0 Rheumatoid arthritis — (Use additional code to identify manifestation: 357.1, 359.6)

727.89 Other disorders of synovium, tendon, and bursa

727.81 Contracture of tendon (sheath)

727.89 Other disorders of synovium, tendon, and bursa

727.89 Other disorders of synovium, tendon, and bursa

727.81 Contracture of tendon (sheath)

905.2 Late effect of fracture of upper extremities

ICD-9-CM Procedural
83.81 Other plastic operations on tendon

26432
Closed treatment of distal extensor tendon insertion, with or without percutaneous pinning (eg, mallet finger)

ICD-9-CM Diagnostic
736.1 Mallet finger

ICD-9-CM Procedural
82.84 Repair of mallet finger

83.81 Other plastic operations on tendon

26433–26434
Repair of extensor tendon, distal insertion, primary or secondary; without graft (eg, mallet finger)

26434 with free graft (includes obtaining graft)

ICD-9-CM Diagnostic
736.1 Mallet finger

ICD-9-CM Procedural
82.84 Repair of mallet finger

83.81 Other plastic operations on tendon

26437
Realignment of extensor tendon, hand, each tendon

ICD-9-CM Diagnostic
357.1 Polyneuropathy in collagen vascular disease — (Code first underlying disease: 446.0, 710.0, 714.0) 

359.6 Symptomatic inflammatory myopathy in diseases classified elsewhere — (Code first underlying disease: 135, 140.0-208.9, 277.3, 446.0, 710.0, 710.1, 710.2, 714.0) 

446.0 Polyarteritis nodosa

710.0 Systemic lupus erythematosus — (Use additional code to identify manifestation: 424.91, 581.81, 582.81, 583.81)

710.1 Systemic sclerosis — (Use additional code to identify manifestation: 359.6, 517.2)

712.0 Sicca syndrome

714.0 Rheumatoid arthritis — (Use additional code to identify manifestation: 357.1, 359.6)

882.2 Open wound of hand except finger(s) alone, with tendon involvement — (Use additional code to identify infection)

ICD-9-CM Procedural
83.88 Other plastic operations on tendon

26440–26442
Tenolysis, flexor tendon; palm OR finger, each tendon

26442 palm AND finger, each tendon

ICD-9-CM Diagnostic
357.1 Polyneuropathy in collagen vascular disease — (Code first underlying disease: 446.0, 710.0, 714.0) 

359.6 Symptomatic inflammatory myopathy in diseases classified elsewhere — (Code first underlying disease: 135, 140.0-208.9, 277.3, 446.0, 710.0, 710.1, 710.2, 714.0) 

446.0 Polyarteritis nodosa

710.0 Systemic lupus erythematosus — (Use additional code to identify manifestation: 424.91, 581.81, 582.81, 583.81)

710.1 Systemic sclerosis — (Use additional code to identify manifestation: 359.6, 517.2)

710.2 Sicca syndrome

714.0 Rheumatoid arthritis — (Use additional code to identify manifestation: 357.1, 359.6)

727.00 Unspecified synovitis and tenosynovitis

727.05 Other tenosynovitis of hand and wrist

727.81 Contracture of tendon (sheath)

727.89 Other disorders of synovium, tendon, and bursa

727.89 Other disorders of synovium, tendon, and bursa

727.81 Contracture of tendon (sheath)

905.8 Late effect of tendon injury

ICD-9-CM Procedural
83.81 Lysis of adhesions of hand

83.91 Lysis of adhesions of muscle, tendon, fascia, and bursa

26445–26449
Tenolysis, extensor tendon, hand OR finger, each tendon

26449 Tenolysis, complex, extensor tendon, finger, including forearm, each tendon

ICD-9-CM Diagnostic
357.1 Polyneuropathy in collagen vascular disease — (Code first underlying disease: 446.0, 710.0, 714.0) 

359.6 Symptomatic inflammatory myopathy in diseases classified elsewhere — (Code first underlying disease: 135, 140.0-208.9, 277.3, 446.0, 710.0, 710.1, 710.2, 714.0) 

446.0 Polyarteritis nodosa

710.0 Systemic lupus erythematosus — (Use additional code to identify manifestation: 424.91, 581.81, 582.81, 583.81)

710.1 Systemic sclerosis — (Use additional code to identify manifestation: 359.6, 517.2)

710.2 Sicca syndrome

714.0 Rheumatoid arthritis — (Use additional code to identify manifestation: 357.1, 359.6)

727.00 Unspecified synovitis and tenosynovitis

727.05 Other tenosynovitis of hand and wrist

727.81 Contracture of tendon (sheath)

727.89 Other disorders of synovium, tendon, and bursa

727.89 Other disorders of synovium, tendon, and bursa

727.81 Contracture of tendon (sheath)

905.8 Late effect of tendon injury

ICD-9-CM Procedural
82.91 Lysis of adhesions of hand

83.91 Lysis of adhesions of muscle, tendon, fascia, and bursa

Crosswalks © 2005 Ingenix, Inc. Unspecified code Manifestation code Female diagnosis Male diagnosis MUSCULOSKELETAL SYSTEM — 299
ICD-9-CM Procedural

37.32 Excision of aneurysm of heart
37.33 Excision or destruction of other lesion or tissue of heart, open approach
39.61 Extracorporeal circulation auxiliary to open heart surgery

ICD-9-CM Diagnostic

410.10 Acute myocardial infarction of other anterior wall, episode of care unspecified — (Use additional code to identify presence of hypertension: 401.0-405.9) \n410.11 Acute myocardial infarction of other anterior wall, initial episode of care — (Use additional code to identify presence of hypertension: 401.0-405.9) \n410.12 Acute myocardial infarction of other anterior wall, subsequent episode of care — (Use additional code to identify presence of hypertension: 401.0-405.9) \n410.40 Acute myocardial infarction of other inferior wall, episode of care unspecified — (Use additional code to identify presence of hypertension: 401.0-405.9) \n410.41 Acute myocardial infarction of other inferior wall, initial episode of care — (Use additional code to identify presence of hypertension: 401.0-405.9) \n410.42 Acute myocardial infarction of other inferior wall, subsequent episode of care — (Use additional code to identify presence of hypertension: 401.0-405.9) \n410.90 Acute myocardial infarction, unspecified site, initial episode of care — (Use additional code to identify presence of hypertension: 401.0-405.9) \n410.92 Acute myocardial infarction, unspecified site, subsequent episode of care — (Use additional code to identify presence of hypertension: 401.0-405.9) \n410.97 Acute myocardial infarction, unspecified site, episode of care unspecified — (Use additional code to identify presence of hypertension: 401.0-405.9) \n414.00 Coronary atherosclerosis of unspecified type of vessel, native or graft — (Use additional code to identify presence of hypertension: 401.0-405.9) \n414.01 Coronary atherosclerosis of native coronary artery — (Use additional code to identify presence of hypertension: 401.0-405.9) \n414.02 Coronary atherosclerosis of autologous vein bypass graft — (Use additional code to identify presence of hypertension: 401.0-405.9) \n414.03 Coronary atherosclerosis of nonautologous biological bypass graft — (Use additional code to identify presence of hypertension: 401.0-405.9) \n414.04 Coronary atherosclerosis of artery bypass graft — (Use additional code to identify presence of hypertension: 401.0-405.9) \n414.05 Coronary atherosclerosis of unspecified type of bypass graft — (Use additional code to identify presence of hypertension: 401.0-405.9) \n414.06 Coronary atherosclerosis, of native coronary artery of transplanted heart — (Use additional code to identify presence of hypertension: 401.0-405.9) \n414.07 Coronary atherosclerosis, Of bypass graft (artery) (vein) of transplanted heart — (Use additional code to identify presence of hypertension: 401.0-405.9) \n414.08 Coronary artery stenosis performed (eg, ventricular remodeling, SVR, SAVER, DOR procedures) — (Use additional code to identify presence of hypertension: 401.0-405.9) \n414.09 Coronary artery stenosis, of native coronary artery of transplanted heart — (Use additional code to identify presence of hypertension: 401.0-405.9) \n414.10 Coronary artery stenosis, other artery — (Use additional code to identify presence of hypertension: 401.0-405.9) \n414.11 Coronary artery stenosis, unspecified site, episode of care unspecified — (Use additional code to identify presence of hypertension: 401.0-405.9) \n414.12 Coronary artery stenosis, unspecified site, initial episode of care — (Use additional code to identify presence of hypertension: 401.0-405.9) \n414.13 Coronary artery stenosis, unspecified site, subsequent episode of care — (Use additional code to identify presence of hypertension: 401.0-405.9) \n414.90 Coronary artery stenosis, unspecified type of vessel — (Use additional code to identify presence of hypertension: 401.0-405.9) \n414.91 Coronary artery stenosis, unspecified type of vessel, graft — (Use additional code to identify presence of hypertension: 401.0-405.9) \n414.92 Coronary artery stenosis, unspecified type of vessel, other — (Use additional code to identify presence of hypertension: 401.0-405.9) \n429.0 Myocardial degeneration — (Use additional code to identify presence of arteriosclerosis)

ICD-9-CM Procedural

35.72 Other and unspecified repair of ventricular septal defect
39.61 Extracorporeal circulation auxiliary to open heart surgery

ICD-9-CM Diagnostic

410.01 Acute myocardial infarction of anterolateral wall, initial episode of care — (Use additional code to identify presence of hypertension: 401.0-405.9) \n410.02 Acute myocardial infarction of anterolateral wall, subsequent episode of care — (Use additional code to identify presence of hypertension: 401.0-405.9) \n410.11 Acute myocardial infarction of other anterior wall, initial episode of care — (Use additional code to identify presence of hypertension: 401.0-405.9) \n410.12 Acute myocardial infarction of other anterior wall, subsequent episode of care — (Use additional code to identify presence of hypertension: 401.0-405.9) \n410.21 Acute myocardial infarction of inferolateral wall, initial episode of care — (Use additional code to identify presence of hypertension: 401.0-405.9) \n410.22 Acute myocardial infarction of inferolateral wall, subsequent episode of care — (Use additional code to identify presence of hypertension: 401.0-405.9) \n410.40 Acute myocardial infarction of other inferior wall, episode of care unspecified — (Use additional code to identify presence of hypertension: 401.0-405.9) \n410.41 Acute myocardial infarction of other inferior wall, initial episode of care — (Use additional code to identify presence of hypertension: 401.0-405.9) \n410.42 Acute myocardial infarction of other inferior wall, subsequent episode of care — (Use additional code to identify presence of hypertension: 401.0-405.9) \n410.90 Acute myocardial infarction, unspecified site, initial episode of care — (Use additional code to identify presence of hypertension: 401.0-405.9) \n410.92 Acute myocardial infarction, unspecified site, subsequent episode of care — (Use additional code to identify presence of hypertension: 401.0-405.9)
**ICD-9-CM Procedural**

64600  Destruction by neurolytic agent, trigeminal nerve; supraorbital, infraorbital, mental, or inferior alveolar branch

64605–64610  Destruction by neurolytic agent, trigeminal nerve; second and third division branches at foramen ovale

ICD-9-CM Diagnostic

171.0  Malignant neoplasm of connective and other soft tissue of head, face, and neck
225.1  Benign neoplasm of cranial nerves
238.1  Neoplasm of uncertain behavior of connective and other soft tissue
239.0  Neoplasms of unspecified nature of bone, soft tissue, and skin
350.1  Trigeminal neuralgia
350.0  Atypical face pain
350.8  Other specified trigeminal nerve disorders
907.1  Late effect of injury to cranial nerve
951.2  Injury to trigeminal nerve

ICD-9-CM Procedural

04.2  Destruction of cranial and peripheral nerves

**HCPCS Level II Supplies & Services**

A4550  Surgical trays

64614  Chemodenervation of muscle(s), extremity(s) and/or trunk muscle(s) (eg, for dystonia, cerebral palsy, multiple sclerosis)
