

# AHA Coding Clinic<sup>®</sup> for ICD Add-on

AHA Coding Clinic<sup>®</sup> for ICD is the official source for ICD (ICD-10-CM/PCS, ICD-9 Vol. 1 and Vol. 3) coding advice to supplement and clarify the Official Guidelines for Coding and Reporting. The AHA Coding Clinic<sup>®</sup> for ICD Add-on provides a complete archive of the ICD coding clinics to support you in assigning the most appropriate code, to avoid claim denials and various research projects. This add-on functionality gives users the ability to search using keyword, code, or even by newsletter quarter and year. With this add-on, users now have rights to view all AHA Coding Clinic<sup>®</sup> newsletters in their entirety. There simply is no faster and easier way to search the full library of AHA Coding Clinic<sup>®</sup> content.

## Key features and benefits

- **Optum360 edge: Official AHA Coding Clinic<sup>®</sup> advice at the code level.** Each quarterly article is thoroughly reviewed by a live subject-matter expert and organized by subject. Each subject is then assigned to literal codes and terms as well as referenced procedures within the subject.
- **Optum360 edge: Access any coding clinic in its entirety.** Users no longer are limited to subjects associated with codes. Users can now search by quarter, year, etc., and see full articles with all services available in each publication.
- **Search by newsletter month/year, keyword, code, etc.** Whether you are using Optum360 proprietary CodeLogic™ to find a code, or using our unique search functionality to find information specific to the AHA Coding Clinic<sup>®</sup> content for a particular diagnosis code, you will be able to easily access the content for any code, within many locations in RevenueCyclePro.com and EncoderPro.com.
- **Access years of newsletters, publications and questions.** There are literally hundreds of volumes of content, all easily searchable by code/keyword, and we add to the library each quarter with the latest coding clinics and quizzes from the AHA. Users of this add-on always have access to the most current AHA information, and to volumes of historical AHA content. No other online resource provides access to this valuable AHA content like Optum360.

## Search results page

The screenshot shows the AHA Coding Clinic for ICD search interface. It includes a search options section with radio buttons for 'AHA ICD Coding Clinic' and 'ICD Coding Clinic Alphabetical Index'. The search criteria section has checkboxes for 'ICD-9' and 'ICD-10', and a search logic dropdown set to 'And'. The search filters section shows a list of years from 1991 to 2019, with 'All Years' selected. The search criteria field contains the keyword 'bariatric'. The search results table shows columns for Year, Quarter, and Snippet. An orange callout box points to the search criteria field with the text 'Search by newsletter month/year, keyword, code, etc.'. Another orange callout box points to the year selection list with the text 'Access years of newsletters, publications and questions'. A third orange callout box points to a snippet of a search result with the text 'Snippet'.
